Component Information/Information on Non-Hazardous Components

This product is considered non-hazardous under 29 CFR 1910.1200 (Hazard Communication).

*** Section 3 - Hazards Identification ***

Emergency Overview

Product is a water-based pre-moistening solution, containing proprietary additives. The pre-moistening solution is not expected to pose a health hazard unless a person is overexposed by intentional misuse or accident, such as by ingesting the solution. The pre-moistening solution may be harmful with contact with the eyes, or if it is swallowed.

Hazard Statements

CAUTION! May cause eye irritation.

Potential Health Effects: Eyes

Product may cause mild to moderate irritation of the eyes, including tears, swelling, and redness. Failure to thoroughly rinse eyes after contact with the product may result in more severe eye irritation.

Potential Health Effects: Skin

Not expected to cause skin irritation with normal use. However, prolonged or repeated contact with product may produce skin irritation. Symptoms may include redness, itching, or rash.

Potential Health Effects: Ingestion

Ingestion of a quantity of this product necessary to produce toxicity is unlikely. Ingestion of several containers of this product may cause nausea, vomiting, and diarrhea.

Potential Health Effects: Inhalation

Not expected to be an inhalation hazard under normal use.

HMIS Ratings: Health: 1 Fire: 0 Reactivity: 0 Pers. Prot.:

Hazard Scale: 0 = Minimal 1 = Slight 2 = Moderate 3 = Serious 4 = Severe * = Chronic hazard

*** Section 4 - First Aid Measures ***

First Aid: Eyes

In case of contact with eyes, rinse immediately with plenty of water. Seek medical attention if symptoms develop or persist.

First Aid: Skin

For skin contact, wash with soap and water. If irritation develops, get medical attention.

First Aid: Ingestion

If the material is swallowed, do not induce vomiting. Seek medical attention if symptoms develop or persist.

First Aid: Inhalation

If inhaled and the affected person experiences symptoms, immediately remove the victim to fresh air. Seek medical attention if symptoms develop or persist.

First Aid: Notes to Physician

None necessary.

*** Section 6 - Accidental Release Measures ***

Containment Procedures

Wipe up liquid with absorbent cloth or absorb with inert material, and place in appropriate waste container.

Clean-Up Procedures

Wear appropriate protective equipment during clean-up. Wipe up liquid with absorbent cloth or absorb with inert material, and place in appropriate waste container. Wash the area with water and detergent after a spill or leak clean-up.

Evacuation Procedures

None identified.

Special Procedures

None identified.

*** Section 7 - Handling and Storage ***

Handling Procedures

Avoid contact with eyes, skin, or clothing. Keep this product from heat, sparks, or open flame. Use this product with adequate ventilation. Do not reuse the empty container. Wash thoroughly after handling.

Storage Procedures

Keep this material away from food, drink and animal feed. Keep the container tightly closed and away from children and pets. Keep away from excessive heat.

*** Section 8 - Exposure Controls / Personal Protection ***

Exposure Guidelines**A: General Product Information**

Avoid contact with eyes and skin. Keep this product away from children and pets.

B: Component Exposure Limits

ACGIH, OSHA, and NIOSH have not developed exposure limits for any of this product's components.

Engineering Controls

Use general ventilation and use local exhaust, where possible, in confined or enclosed spaces.

PERSONAL PROTECTIVE EQUIPMENT**Personal Protective Equipment: Eyes/Face**

None required for normal use.

Personal Protective Equipment: Skin

Protective equipment for the skin should not be necessary, provided that the solution does not come in contact with the skin. Wear impervious gloves for prolonged or repeated skin contact with solution. It is recommended that gloves be tested to determine suitability for prolonged contact.

Material Safety Data Sheet

Material Name: Pre-moistening Solution

ID: SPOTPEN1

Personal Protective Equipment: Respiratory

If ventilation is not sufficient to effectively prevent buildup of vapors, appropriate NIOSH/MSHA respiratory protection must be provided.

Personal Protective Equipment: General

Eye wash fountain is recommended if splashing is possible.

*** Section 10 - Chemical Stability & Reactivity Information ***

Chemical Stability

This is a stable material.

Chemical Stability: Conditions to Avoid

Excessive heat.

Incompatibility

No information available.

Hazardous Decomposition

None identified.

Hazardous Polymerization

Hazardous polymerization will not occur.

*** Section 11 - Toxicological Information ***

Acute Toxicity

A: General Product Information

Product is a water-based pre-moistening solution, containing proprietary additives. The pre-moistening solution is not expected to pose a health hazard unless a person is overexposed by intentional misuse or accident, such as by ingesting the solution. The pre-moistening solution may cause mild to moderate irritation of the eyes, including tears, swelling, and redness. Failure to thoroughly rinse eyes after contact with the product may result in more severe eye irritation. The product is not expected to cause skin irritation with normal use. However, prolonged or repeated contact with this product may produce skin irritation. Symptoms may include redness, itching, or rash. Ingestion of a quantity of this product necessary to produce toxicity is unlikely. However, ingestion of several containers of this product may cause nausea, vomiting, and diarrhea. Not expected to be an inhalation hazard under normal use.

B: Component Analysis - LD50/LC50

No LD50/LC50's are available for this product's components.

Carcinogenicity

A: General Product Information

No data available.

B: Component Carcinogenicity

None of this product's components are listed by ACGIH, IARC, OSHA, NIOSH, or NTP.

Epidemiology

No data available.

Neurotoxicity

No data available.

Mutagenicity

No data available.

Teratogenicity

No data available.

Other Toxicological Information

None.

*** Section 12 - Ecological Information ***

Ecotoxicity

A: General Product Information

No data available.

B: Component Analysis - Ecotoxicity - Aquatic Toxicity

No ecotoxicity data are available for this product's components.

Environmental Fate

No data available.

*** Section 13 - Disposal Considerations ***

US EPA Waste Number & Descriptions

A: General Product Information

Material, if discarded, is not expected to meet the definition or characteristics of a hazardous waste under RCRA.

B: Component Waste Numbers

No EPA Waste Numbers are applicable for this product's components.

Disposal Instructions

Dispose of waste material according to Local, State, Federal, and Provincial Environmental Regulations. Do not allow the material in this product to drain into sewers/water supplies.

*** Section 14 - Transportation Information ***

US DOT Information

Shipping Name: Not regulated

Hazard Class: None

UN/NA #: None

Packing Group: None

Required Label(s): None

Additional Info.: None

International Transportation Regulations

Not available.

*** Section 15 - Regulatory Information ***

US Federal Regulations

A: General Product Information

No additional information available.

B: Component Analysis

None of this product's components are listed under SARA Section 302 (40 CFR 355 Appendix A), SARA Section 313 (40 CFR 372.65), or CERCLA (40 CFR 302.4).

State Regulations

A: General Product Information

No additional information available.

B: Component Analysis - State

None of this product's components are listed on the state lists from CA, FL, MA, MN, NJ, or PA.

Other Regulations

A: General Product Information

No additional information available.

B: Component Analysis - Inventory
